

Oil absorbent series.

Introduction:

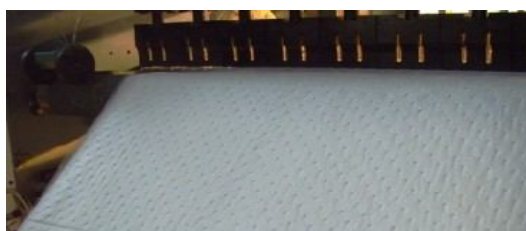

From 2010 year,we began to learn the oil sorbent products because of the oil spill occurred in Mexico gulf. We know this product is environmental protection product and very huge market for the oil spill,industry,cleaing and environment.protection. It will help you to keep your work environment safe from unexpected spills,leaks,drips or other accedents,And it is available for cleaning up oil,water and chemical based spills..

Now, through our great efforts and hard efforts,we have established our own factory for a wide variety of absorbent oil pad,absorbent oil roll,absorbent oil pillow, absorbent oil boom, industrial spunlace wipes and needle punch wipes,etc. Our factory covers an area of 30,000 square meters, has advanced equipment and excellent management. Our clients have come from the United States, Europe, Japan, more than 20 countries of the customer.The annual production capacity reaches 3000 tons.
